Published / Filed: 1994-04-13 / 1992-10-03

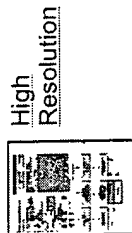

Application Number: CN19929292111362

IPC Code: B65D 41/32;

ECLA Code: None

Priority Number: 1992-10-03 CN19929292111362

Abstract: Plastic cylinder of top pop can with metallic cap uses PET polyester as raw material. Through injection, heating and blowing, PET polyester becomes semifinished form of cylinder. After cutting, an opening of cylinder with neck is formed and the neck has a connecting edge that is an arc edge of R1.5-3mm and outward rim. The included angle between the elongation lines of rim and opening is 5-12 deg. Said plastic cylinder and metallic cap constitute a top pop can with low cost.
